

Minimally invasive cleaning and shaping strategies in tough, curved canals and retreatments.

Course highlights:

This lecture and hands-on program will give participants deep insight into the simplified yet powerful protocol to clean and shape difficult situations like sclerosed canals, curved canals, and also during retreatment.

The lecture will feature demonstration videos, followed by a challenging hands-on exercise where participants will prepare a complex, narrow, and multi-planar curved canal. Also, each participant will perform a GP removal exercise. Additionally, the importance of microscope utilization and its optimal setup will be discussed.

Course Mentor:

Dr Abarajithan Mohan

India

Venue: Goa Dental College & Hospital

Timing of the course: 9.00 am to 3.00 pm

Date of course: 31/10/2025

Course fees: Rs. 3000/-
